

**CNC machinists** are radically changing the future of manufacturing. Now you can be a part of that at South Seattle College.

CNC (Computer Numerical Control) Technicians use computerized lathes, mills, grinders and drill presses to produce complex, 3-D structures with the touch of a computer.

**YOUR NEXT CAREER STARTS HERE**

**This short-term, 20 credit course, provides you with-**

- Machine Tool Theory
- Surface Plate Techniques
- Hands-on manual lathe and mill
- Rapid Prototyping
- Shop Mathematics
- **NIMS** credentials – Nationally Recognized!

**STUDENT SUPPORT INCLUDES**

- ESL Support
- Built-in math tutoring
- Financial Aid Assessment including *Basic Food & Unemployment Insurance*
- Academic Support
