

New Adult Learning Certificate for Instructors and Trainers

Gain credentials with accredited courses !

South Seattle College is offering the first fully online, short-term certificate composed of three applied baccalaureate courses from our Professional Technical Teacher Education & Instructional Design BAS program:

Adult Learning (PTE 345.2)

Course Development & Design (PTE 302.2)

Workforce Instructional Methods & Materials (PTE 301.2)

The Adult Learning Certificate is an online, short-term certificate that will give professional and technical instructors the opportunity to develop and hone teaching skills with adult learners. With a total of 11 credits for the certificate, you can complete in just three months!

Certificate Outcomes:

- Manage learning environments.
- Implement appropriate instructional methodology, development, and design.
- Support and assess adult learning.
